SKILLS:

Technical Skills:

Languages	Analysis	Visualization	Databases
Python	Pandas & NumPy	Power BI	MySQL
SQL	Matplotlib	MS Excel	SQL Server
Java	Seaborn	MS PowerPoint	DB Management

Soft Skills:

- Team player
- Reliable and Trustworthy.
- Problem Solving and Analytical Thinking.

PROJECT:

- **Title: Real-Time Sales Dashboard System**
Description: Developed an interactive sales dashboard for real-time sales analysis and reporting using Python, SQL, and Power BI. Integrated the dashboard with the MySQL database to automatically refresh and update visual reports whenever new data is added. Generated business insights to monitor sales trends, top-performing products, revenue growth, and customer purchasing patterns for better decision-making.
